Commercial water will be sold at a rate of \$2.50/1000 gallons. Joseph City Utilities will require a deposit of \$100.00 before the project start date. The customer will be required to provide a hydrant meter to track water usage, water usage will be reported to Kellen Roberson every Friday until project completion. Joseph City Utilities will bill the customer upon receiving the final usage report, applying the deposit to the final bill. Final payment is to be remitted within 30 days of closing the account. Payments received after 30 days may be subject to a \$25.00 late fee.

Commercial customers assume all responsibility of the hydrant being used and surrounding area. Damage to Joseph City Utilities hydrant or lines will be the sole responsibility of the customer to repair.
